In up to 800 words, and using the STAR format (situation, task, action, result), please provide us with a case study relating to culture transformation. Please ensure it describes the change approach and interventions relating only to the culture transformation part of the deliverable. You may want to consider answering the below set of auxiliary questions:

- Describe the specific requirement that was discovered. What is the scope of change?
- Who are you targeting as part of the change effort, and why?
- Are there any external or internal factors that prevent the transition from taking place?
- What approach was taken?
- What was the benefit of the approach?
- What did we learn? What is the feedback?
